Joseph Andrews Drive
San Ignacio Cayo District

Dear Brothers and Sisters,

Greetings in the Name of Jesus, our Lord and Savior!
These months have been challenging for us but also a time of growth. We are working with five churches and one of them has no Pastor. The previous Pastor of that church decided not to continue which makes our work more difficult. At the same time, I thank God for the Pastors from the other churches that decided to take turns in visiting that church to help every week. That church is the Sarteneja Church. I can safely say that that church at this moment is slowly growing. In this picture we are in Sarteneja ministering with our youth.

In Orange Walk we are facing some challenges with our worship place. We bought a bigger tent but almost all the pipes are bent. This week we should be able to finish the tent and set it up. At the moment we are worshipping under a smaller tent. Two of the families that had left the church have returned and I am praying that all will be back and more, Praise God.

The new church

building is coming along. At the moment, we are working on a section of the floor and after that we will put some roofing on one side of the building to have church in our building. In this way, we will be able to meet in our new location and not move again until the building is complete.

The church in Las Flores, Belmopan is doing great. This week, the women's group had their third anniversary and celebrated with three evening revival meetings. It is so good to see the women very much involved in the work of the church.

The church in Esperanza is doing very good. One of the members donated a piece of land to build the church. We are working on the paper with the Government to transfer the title under Life Ministries Church's name.

In San Ignacio Church, God is doing great things. We have seen new people giving their heart to God. Just recently we had five youths that were baptized.

In April, the San Ignacio Church were getting ready for a revival Church meeting for three days. All the Church members and the Pastor worked very hard for those three days. On the very first day, they had a big tent very well decorated and they had just begun the first song that evening and rain started to pour and a strong breeze came and blew the big tent and everybody and all the things got wet. It was very challenging for the Church in San Ignacio. Everybody was asking for forgiveness because we thought that wind was too strong and could cause damage to the sound system that we had that night and it was not ours, we rented it. Praise God that no damage happened to the sound system. It was so good to see all the brothers and sisters the following day working again so hard to put back the tent and make it pretty and in this way they continued in their revival service and many received Christ those days.

On the 18 of April we had our Annual Church conference. It was so very good to see five churches coming together and celebrate God. Each Church shared their goals for this coming year. We were challenged to be responsible with our families.

Our Youth are also very active, recently we have been visiting another church outside of Life Ministries just to help since they don't have a Pastor and asked us to visit them.

Pray for us as we get ready for our annual Youth Camp. We know that this year will be better.

Pray also for a Pastor in Sarteneja.

Pray for Orange Walk Church especially for our building. We so desperate need it.

Pray for Radai my daughter as they ready for their wedding on the 26 of this month.

Pray for Rommel my son-in-law as he travels to Belize next week.

Pray for our health, for both my wife and myself.

I take this opportunity to thank you so very much from the bottom of my heart for supporting us. May God continue to bless you and prosper you in all areas of your life. Amen

Pastor Ruben & Aisela Leiva
