Summer 2010

Volume 10 Issue 2

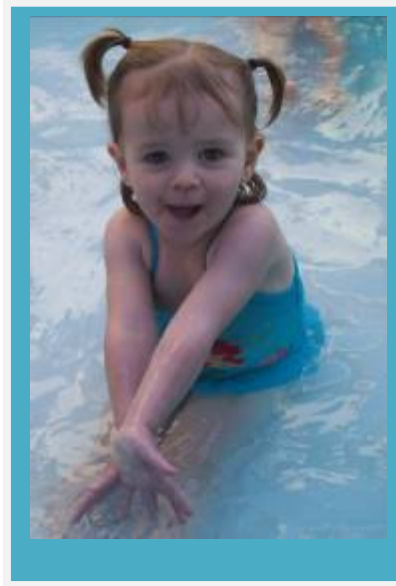

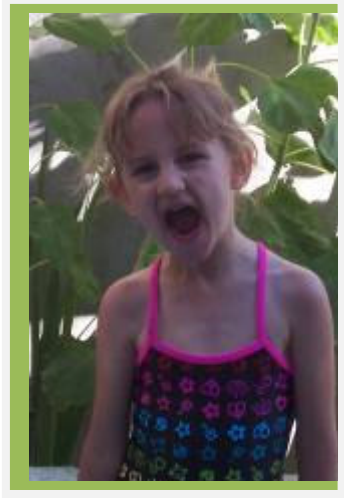

Bendiciones a todos! We hope that everyone is doing well and enjoying the warmer weather. The warm/hot weather has arrived here! We have been very busy but are doing very well. In March, Christy and Alyssa went to Pennsylvania to attend the Lord's House of Prayer annual missions conference. It was a great time to see everyone and to share what we have been doing over the past year. Christy was also able to share with the ladies about how God has been helping her find balance in her life. Thank you to all who have supported us and are supporting us now! Christy has also been busy translating. She spent two mornings translating for the BSN (Bible School for the Nations). Even though it had been a while she enjoyed it and learned a lot. Christy was also able to help translate for a day during the medical outreach.

Dathan has been busy as well. Due to some changes in the number of staff working at Rancho (there are less), Dathan is now working some afternoons as well as mornings. Recently he has worked on replacing old sky lights, and fixing shower stall walls.

Rebekah is continuing to do excellent in school. Her average is 9.8 out of 10! She is working hard on learning her times tables. At the beginning of the year her class along with the rest of the school did a reading project for English. In a few weeks her class will give a presentation about how many books they've read.

Briana is starting to learn to read in Spanish! She enjoys coming home and doing her homework. To celebrate the coming of spring, all of kinder had a parade in a local mall and the children dressed up as spring animals. Briana loved dressing up as a butterfly and it was fun to see all the children in their costumes. After the parade they played in a bounce castle and then everyone had lunch at Wendy's. For mother's day her class had a little party for all the moms. Christy went and enjoyed watching Briana sing a song with her class and give her a present.

Alyssa is now 2! We had a party at home for her and she enjoyed her new baby and stroller. Although we don't always understand what she says, she is talking more and more every day. She loves to play with her babies and wants to be at the table when Rebekah and Briana are doing their homework.

This summer, middle of July to middle of August, we will be taking our vacation to visit family and friends in Vermont and Pennsylvania. We are looking forward to seeing everyone! While in Vermont, we, Dathan and Christy, will be able to get away for a few days while Christy's mom and dad take care of the girls. Then we will be spending a week in a cabin in VT with Dathan's family. It will be a great time to relax and enjoy our families!

Rancho news

During the children's spring break, the younger Rancho children along with children from the community participated in Super Semana, a VBS. The stories during the week focused on Bible heroes, such as Noah, Jonah, and Rahab. The children sang songs, listened to the story, played games, did crafts and ate lunch. Christy helped with games for the younger children and Rebekah and Briana really enjoyed participating. They were excited about the last day because they were able to dress up like princesses. The second week of spring break, the older children participated in Mission Adventures. They had a few days of teachings and learning dramas and then they went out into the community to practice what they had learned.

Recently quite a few of the children have been getting sick. Because they all live together and share everything sometimes it's hard to keep the germs from spreading. This past week Javier twisted his ankle while playing soccer at school. He has his ankle all wrapped up and will be on crutches for about week. Please pray for him that his ankle would heal quickly and that the other children would be healthy.

School will be ending soon for the children and most of them are doing well. Most of the children though are looking forward to the beginning of summer vacations. There is the possibility that this summer the children and a few of the staff will have the opportunity to go to Mexico City for a couple of weeks. We are hoping to receive finances to be able to go. This would be a great chance for the children to see more of Mexico and get to visit the many museums and other cultural experiences in Mexico City. The kids up till now have had a somewhat limited experience of their country. So this would be a great opportunity for them to see into the history of their country.

The World Cup has recently started and the kids are excited about Mexico's chances and some even cheer for the USA too. The first game of the Cup was between Mexico and South Africa and at school the kids had a couple of hours to watch the game instead of studying. Even though it ended in a draw they were still excited and kept talking about it all day.

Praise Reports:

Rebekah & Briana are doing great in school

Great time in PA visiting family & attending missions conference

Continued safety

Prayer requests:

more staff at Rancho

teenagers at Rancho

health for children & staff
